

Hi Everyone!

We have been motorhoming for SO many years. Started with a CRV Dreamliner (remember them?!) ~ similar style interior to the old Kontiki with bunk beds? We had that for years and had some wonderful adventures.

We then had a break of a year or two but missed our travels so we bought a Hymer S520 (shown in my avatar)and travelled Spain, France etc...oh, yes and UK!

Now have Hymer Tramp (what makes you think we like Hymers?) :laugh:

Based in S Wales but really get around. Constant travelling companions are our 3 yorkies, have their own passports too. :silly:

Looking currently for a Hymer Exsis, single bed version 2010 onwards if anyone knows of one anywhere?

What a rainy, muddy start to our 2012 travels?! Guess we were lucky as we travel most of the year and wasn't March gorgeous?! :woohoo:
